

# Pre-Qualification Questionnaire for Roofit.Solar solution

Many thanks for your enquiry. Please complete the following, so we may assess the suitability of a Roofit.Solar roof for your project. Please note that this is a fully integrated solar PV solution and will require your roof to be constructed in a metal seam roofing style - or at the very least individual roof planes on your overall roofing structure:

Information requirement	Please complete the section below
Name	
Address of Project	
Mobile	
Email	
Architect Name	
Architect contact details	
Contractor name	
Contractor details	

Planning	Please complete the section below
It is important for us to understand at which stage you are at in the planning process for your project. With this in mind, please complete the following	
Is planning approved?	Y or N?
If No, will you be specifying a metal seam roof in the application or discussing the requirement to do so with your planning officer?	When will you submit the application? Please let us know timings.
If Yes, have you specified metal seam roof with Planning?	Y or N?
If you have not specified a metal seam roof, please contact your local planning department to ascertain whether you will require a material change to a metal seam roof, specifying the integrated Roofit.Solar Velario panels at that time.	

# Pre-Qualification Questionnaire for Roofit.Solar solution

Continued

## Planning

Is the property listed, in a conservation area or are there any local sensitivities?
Y or N
<b>Actions:</b> Please forward any plans/architecture drawings/images to Future Tech Solar

## Your project

Your project	Please specify
Newbuild	
Renovation	
Barn/agricultural conversion	
Commercial	
Estimated start date:	(e.g. DD/MM/YYYY)
Will the project be Single or Three Phase supply?	
Is or will the project be connected to the grid?	
Are you intending to run the property off-grid?	

## Delivery information

Delivery information	Please specify
Is there road access to a level site allowing a lorry to dispatch large crates?	
Are there means to off-load pallets via a fork-lift/telehandler or will you require delivery with a lorry with a tail-lift/pallet pump	
Do you have a secure on-site storage area?	

NB SHADING: If not included in your plans/drawings, please ensure you supply any detail on any flora/structures that will impact the property.
